Step
2

Click on the blue and green links to navigate the wireframe.

The screenshot shows a SharePoint Intranet wireframe with the following elements:

- Navigation Bar:** Includes "Overview" (highlighted in blue), "My Home", "Preferences", "QuickLinks", "Help", and "Logout Administrator". A search box labeled "Search Intranet" is also present.
- Content Area:** Features a "New & Updated" section with several article snippets. Each snippet includes a title (e.g., "Sed Diam", "No Takimata", "Lorem ipsum dolor", "Clita stet"), a small icon, and a text preview followed by "more...".
- Table:** A table with two columns. The first column lists titles like "No Takimata", "Lorem ipsum dolor", "Clita stet", "Eos et", and "Dolor". The second column lists authors and dates, such as "Clita kasd | Sea Takimata | 9/20/2009".
- Shortcuts:** A vertical list of links, each with a text label like "Corporate : Lorem : Offert Prodesset Eum".
- Quick Add:** A section with a dropdown menu labeled "Add New...".
- Last Activities:** A list of recent user activities, including "Vero Eos" and "Sadipscing Elitr", with brief descriptions and timestamps.
- Footer:** A "New Order Volume" section with a line graph and a "older >" link.
